

## MODULE 2 – WHO ARE THE DETECTIVES AND WHAT DO THEY DO?

### LECTURE 4 – QUIZ & ANSWERS

Here's another quiz. You should know the answers without checking. If they're not in your head now, then how do you expect to use them in the future? I think I mentioned that once or twice already. **Remember** that? It's like facts in a case – if you don't remember them now, after having just learned them, what's your plan for the future? (The somewhere in **CA to somewhere around NJ** trip thingie.) And what do you think the victim might say about that? You **remember** the victim, right? So here's the questions:

1. One of the 5 major crime categories is Burglary. True or False.
2. The NCVS is a summary of crimes reported to the police. True or False.
3. The UCR is a summary of crimes reported to the police. True or False.
4. Local agencies include state police. True or False.
5. The primary source of crime info for the police is \_\_\_\_\_. Fill in the blank.
6. What are the 5 phases of the crime continuum?
7. What are the 3 phases of the traditional investigation process?
8. Physical evidence is collected in less than \_\_\_% of all crimes. Fill in the blank.
9. What does the acronym CUIISC (C-U-I-S-C) stand for?
10. What does the acronym CUIPDSC (C-U-I-P-D-S-C) stand for?
11. What is the police gateway?
12. The CJ filter = 27 prosecuted out of 1,000 crimes. True or False.
13. The number of crimes per capita in the US is currently near an all-time low. True or False.
14. What do the acronyms CC vs. DP stand for?
15. What do the acronyms PC and BRD stand for?
16. What are the 3 main investigative techniques that were covered?
